

CJ #2 – Criminal Justice – Provide Reparations to the Victims of Corrections Commissioner Wayne Garner Ayman Fadel (Columbia County, [REDACTED]) offers the following:

From the chapter on Criminal Justice, replace plank 10, entitled, 'Indict Wayne Garner', in its entirety as follows:

~~10. — Indict Wayne Garner
We call for the dismissal and indictment of Corrections Commissioner Wayne Garner.~~

10. Provide Reparations to the Victims of the Department of Corrections Under Commissioner Wayne Garner

Under Governor Zell Miller in the 1990s, the Georgia Department of Corrections, headed by Commissioner Wayne Garner, rejected a philosophy of rehabilitation and implemented a policy of punishment. Survivors of the human rights abuses during this time and their descendants deserve reparations. The architects of these policies should be removed from office, their crimes should be publicized and, where appropriate, criminal charges should be filed.
